What is Accist?

Accist is a free of charge accident management service provided by Arnold Clark to look after drivers who have been involved in an accident.

How does Accist work?

In the unlikely event you are involved in a non-fault accident, call the Accist hotline and we'll take care of everything from dealing with insurance companies and recovery to repairs and replacements vehicles, keeping you mobile whilst your car is off the road.

Why do I need Accist?

They will deal with your claim and liaise with the third party insurance company on your behalf. You will be kept informed throughout the process, giving you the peace of mind that professionals are handling your case.

When should I contact Accist?
